textil

CERTIFICADO ANTIMANCHAS

Todos los manteles de nuestra colección Louvre 2026, además de ser textiles, cuentan con una fina capa de resina que los protege contra todo tipo de manchas, sin perder su apariencia textil. Los manteles varían en su composición, pudiendo ser de algodón, poliéster, lino o combinaciones de ellos, pero todos cuentan con el tratamiento antimanchas.

STAIN-RESISTANT CERTIFICATE

All the tablecloths in our Louvre 2026 collection, in addition to being made of fabric, feature a fine resin coating that protects them against all kinds of stains without losing their textile appearance. The tablecloths vary in composition — they may be made of cotton, polyester, linen, or combinations of these — but all of them have a stain-resistant finish.
